After completing the exercises, remember to check ✓ the circles to monitor your progress.

Day 1	Addition of 2-digit Numbers (without regrouping)	<input type="checkbox"/>	Day 16	Addition of 3-digit Numbers (with regrouping)	<input type="checkbox"/>
Day 2	Addition of 2-digit Numbers (without regrouping)	<input type="checkbox"/>	Day 17	Addition of 3-digit Numbers	<input type="checkbox"/>
Day 3	Addition of 2-digit Numbers (with regrouping)	<input type="checkbox"/>	Day 18	Addition of 3-digit Numbers	<input type="checkbox"/>
Day 4	Addition of 2-digit Numbers (with regrouping)	<input type="checkbox"/>	Day 19	Addition of Three Numbers	<input type="checkbox"/>
Day 5	Subtraction of 2-digit Numbers (without regrouping)	<input type="checkbox"/>	Day 20	Addition of Three Numbers	<input type="checkbox"/>
Day 6	Subtraction of 2-digit Numbers (without regrouping)	<input type="checkbox"/>	Day 21	Subtraction of 3-digit Numbers (without regrouping)	<input type="checkbox"/>
Day 7	Subtraction of 2-digit Numbers (with regrouping)	<input type="checkbox"/>	Day 22	Subtraction of 3-digit Numbers (without regrouping)	<input type="checkbox"/>
Day 8	Subtraction of 2-digit Numbers (with regrouping)	<input type="checkbox"/>	Day 23	Subtraction of 3-digit Numbers (with regrouping)	<input type="checkbox"/>
Day 9	Addition and Subtraction of 2-digit Numbers	<input type="checkbox"/>	Day 24	Subtraction of 3-digit Numbers (with regrouping)	<input type="checkbox"/>
Day 10	Addition and Subtraction of 2-digit Numbers	<input type="checkbox"/>	Day 25	Subtraction of 3-digit Numbers (with regrouping)	<input type="checkbox"/>
Day 11	Addition and Subtraction of 2-digit Numbers	<input type="checkbox"/>	Day 26	Subtraction of 3-digit Numbers	<input type="checkbox"/>
Day 12	Addition of 3-digit Numbers (without regrouping)	<input type="checkbox"/>	Day 27	Subtraction of 3-digit Numbers	<input type="checkbox"/>
Day 13	Addition of 3-digit Numbers (without regrouping)	<input type="checkbox"/>	Day 28	Addition and Subtraction of 3-digit Numbers	<input type="checkbox"/>
Day 14	Addition of 3-digit Numbers (with regrouping)	<input type="checkbox"/>	Day 29	Addition and Subtraction of 3-digit Numbers	<input type="checkbox"/>
Day 15	Addition of 3-digit Numbers (with regrouping)	<input type="checkbox"/>	Day 30	Addition and Subtraction of 3-digit Numbers	<input type="checkbox"/>

Addition and Subtraction of 2-digit Numbers

- adding and subtracting 2-digit numbers

$$36 + 9$$

Remember to line up the numbers – tens with tens and ones with ones.

There are 45 carrots.

Find the answers.

$$\begin{array}{r} ① \quad 52 \\ + 28 \\ \hline \square \end{array}$$

$$\begin{array}{r} ② \quad 46 \\ + 37 \\ \hline \square \end{array}$$

$$\begin{array}{r} ③ \quad 90 \\ - 35 \\ \hline \square \end{array}$$

$$\begin{array}{r} ④ \quad 73 \\ - 57 \\ \hline \square \end{array}$$

$$⑤ \quad 18 + 43 = \underline{\quad}$$

$$⑥ \quad 37 + 9 = \underline{\quad}$$

$$⑦ \quad 64 + 18 = \underline{\quad}$$

$$⑧ \quad 52 - 17 = \underline{\quad}$$

$$⑨ \quad 71 - 56 = \underline{\quad}$$

$$⑩ \quad 85 - 69 = \underline{\quad}$$

$$⑪ \quad 62 - 35 = \underline{\quad}$$

$$⑫ \quad 44 + 26 = \underline{\quad}$$

Find the answers. Then draw a line to bring the balloon to the child who has the same answer.

13

$$\begin{array}{r} 32 \\ - 17 \\ \hline \square \end{array}$$

$$\begin{array}{r} 94 \\ - 46 \\ \hline \square \end{array}$$

$$\begin{array}{r} 22 \\ + 58 \\ \hline \square \end{array}$$

$$\begin{array}{r} 17 \\ + 29 \\ \hline \square \end{array}$$

$$\begin{array}{r} 32 \\ + 29 \\ \hline \square \end{array}$$

$$\begin{array}{r} 36 \\ - 18 \\ \hline \square \end{array}$$

$62 - 16 = \underline{\hspace{2cm}}$

$19 + 42 = \underline{\hspace{2cm}}$

$56 + 24 = \underline{\hspace{2cm}}$

Addition of 3-digit Numbers (with regrouping)

- adding 3-digit numbers with regrouping one time

$$\begin{array}{r} 1 \\ 425 \\ + 268 \\ \hline 693 \end{array}$$

Adding 3-digit Numbers:

- 1st** Add the ones. Regroup to make a ten.
- 2nd** Add the tens.
- 3rd** Add the hundreds.

↑
 $5 + 8 = 13 = 1 \text{ ten and } 3 \text{ ones}$

I have 693 g of crackers!

Add.

①

$$\begin{array}{r} 329 \\ + 256 \\ \hline \square \end{array}$$

Regroup to make 1 ten.

②

$$\begin{array}{r} 164 \\ + 375 \\ \hline \square \end{array}$$

Regroup to make 1 hundred.

③

$$\begin{array}{r} 508 \\ + 273 \\ \hline \square \end{array}$$

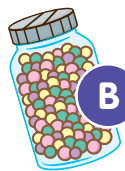

Regroup to make 1 ten.

Add to find how many beads there are in each jar. Then answer the question.

④

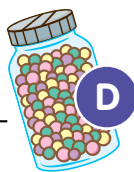

$$\begin{array}{r} 317 \\ + 268 \\ \hline \end{array}$$

$$\begin{array}{r} 406 \\ + 158 \\ \hline \end{array}$$

$$\begin{array}{r} 194 \\ + 285 \\ \hline \end{array}$$

$263 + 175 = \underline{\hspace{2cm}}$

$516 + 106 = \underline{\hspace{2cm}}$

$394 + 251 = \underline{\hspace{2cm}}$

$137 + 380 = \underline{\hspace{2cm}}$

$265 + 472 = \underline{\hspace{2cm}}$

Which jar has the most beads?
