Popular Canada

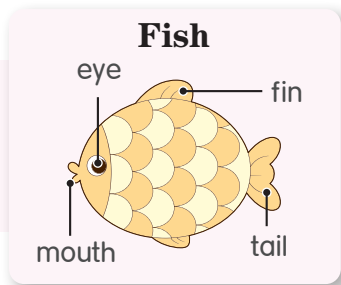

My Body

Our five senses help us learn about the world.

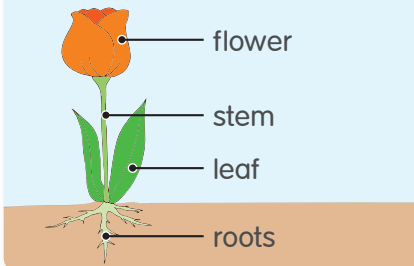

Animals and Plants

Animals have different body parts to help them move, catch food, and protect themselves.

Main Parts of a Plant

Plants need sunlight, air, water, and soil to grow.

Plants are made up of different parts.

Materials and Their Properties

Material	Property		
metal	heavy	hard	
wood	hard	dull	
plastic	smooth	light	
cotton	light	soft	
glass	fragile	transparent	

Earth and Space

The Four Seasons

spring

summer

fall

winter

Earth is a ball which spins round and round. When Earth turns toward the sun, it is daytime. When it turns away from the sun, it is nighttime.
