

The Golden Fish

Part 1

Once there was an old man and an old woman. They lived in a little hut by the sea.

One day, the old man met a magical golden fish that spoke.

It offered to give me anything I want, but I couldn't think of anything to ask for.

You silly old man! Go back to the sea and ask the fish for a new house.

The old man went back to the sea.

Fish, may I have a new house?

Go home and you'll find it.

When the man returned home, his wife was cooking on a new stove in a new house.

To be continued...
