

The Park

What better way to enjoy the summer sun than spend a day at the park?

You can run or skate around, play Frisbee or ball games with friends, have a picnic or barbecue with your family, or cool off on the water splash pads that some parks have. You can even join some programs to help clean up the park or plant trees there! Listening to music at a free outdoor concert in the park is also a great way to relax after all the fun!

Spending a summer day at the park gives you no chance for boredom!
