

- multiplication

A. Look at each group of objects. Fill in the blanks.

1.

$$4 + \underline{\quad\quad} + \underline{\quad\quad} = \underline{\quad\quad}$$

3 groups of 4 is .

2.

$$3 + \underline{\quad\quad\quad\quad} = \underline{\quad\quad\quad}$$

5 groups of 3 is .

B. Do the matching. Then find the answers.

1. $3 + 3 + 3 + 3 + 3$ •

• 4 groups of 5 is .

2. $4 + 4 + 4$ •

• 5 groups of 3 is .

3. $5 + 5 + 5 + 5$ •

• 3 groups of 4 is .

C. Draw the pictures. Complete the number sentence and find the number of circles.

1. **3 groups of 2 circles** _____

a. 

b. _____ = _____

c. There are _____  .

2. **4 groups of 6 circles** _____

a. 

b. _____ = _____

c. There are _____  .

D. Find the answers.

1. 3 groups of 5 is _____ .

2. 4 groups of 4 is _____ .

- multiplication

A. Look at each group of objects. Fill in the blanks.

1.

$$4 + \underline{4} + \underline{4} = \underline{12}$$

3 groups of 4 is 12.

2.

$$3 + \underline{3 + 3 + 3 + 3} = \underline{15}$$

5 groups of 3 is 15.

B. Do the matching. Then find the answers.

- | | | | |
|------------------------|---|---|------------------------------|
| 1. $3 + 3 + 3 + 3 + 3$ | • | • | 4 groups of 5 is <u>20</u> . |
| 2. $4 + 4 + 4$ | • | • | 5 groups of 3 is <u>15</u> . |
| 3. $5 + 5 + 5 + 5$ | • | • | 3 groups of 4 is <u>12</u> . |

C. Draw the pictures. Complete the number sentence and find the number of circles.

1. **3 groups of 2 circles** _____

b. $2 + 2 + 2 = 6$

c. There are 6 .

2. **4 groups of 6 circles** _____

b. $6 + 6 + 6 + 6 = 24$

c. There are 24 .

D. Find the answers.

1. 3 groups of 5 is 15.

2. 4 groups of 4 is 16.
